SUMMARY

This color camera is capable of superb observation, thanks to its state-of-the-art implementation of 1/3" CCD 470,000 pixels mainly in outdoor applications.

Through the use of SONY CCD and the outstanding digital signal process, this camera provides extremely sharp image quality. Particularly, it applies the highly sensitive Super HAD CCD, which allows optimum observation of parking lots or building interiors that are dimly lit at best. The IP65 class camera can be applied directly in outdoor environment.

The camera supports easy installation since focal length and focus are externally adjustable.
