

SYMMETRY POWERPOD ULTRA-COMPACT NVR

Symmetry PowerPod NVR is the perfect fit for discrete video surveillance requirements as well as widely distributed applications, such as small branch offices, chain stores, and remote stations. The PowerPod is the smallest form factor in the PowerProtect platform line. Measuring just 4.5" x 4.5" x 2", it is designed to address space-constrained deployments and can be placed discreetly on a desktop, secured to a video monitor, or secluded in a secure location.

Powered by an Intel Celeron processor, 4 GB memory, and 1TB or 2TB hard drive, the PowerPod is engineered for the rigors of video surveillance and offers a unique hardware solution where both available space and value are at a premium. Includes 3-year warranty and 3-years of software updates for Symmetry CompleteView camera licenses purchased at time of order.

KEYFEATURES

- NVR for IP cameras
- Ultra space saving form factor with convenient VESA mount option
- Record live view, playback, archive video
- Ideal for standalone or highly distributed remote surveillance applications
- Includes 3-year warranty and 3-years of CompleteView video software updates
