H6XP Short Bullet Camera

Combine multiple use cases into one with the Avigilon **H6XP Short Bullet Camera**, empowering you to do more with less. It includes an IoT hub that provides compatibility with Z-Wave devices, such as panic buttons and sensors, making the camera more powerful and reducing ownership costs.

Z-Wave Compatible

Connect with Z-Wave compatible devices to enhance control and integrate with existing systems. Expand the camera's intelligence to cover multiple use cases, all while reducing costs.

Audio Analytics & Recording

Stay alert with real-time notifications for breaking glass, screaming and more. Quickly review video from the triggering camera and choose to record audio as needed.

Dynamic Privacy Masking

Preserve people's privacy by tracking and blurring people and vehicles appearing on camera, with the flexibility for authorized personnel to lift it during investigations.

AI-powered Video Analytics

Be proactive with advanced analytics that detect unusual crowds or people crawling near your perimeter. Classify more objects with event support, including vans and various trucks.

Low-Light Clarity

Capture clear images even in total darkness with our IR cameras. Both camera forms offer low-light visibility, minimizing maintenance while ensuring consistent performance in all conditions.

Secure & Compliant
