

## AXIS T92A00 Housing

Protective housing for Axis network cameras.

- > Indoor and outdoor installation
- > Easy installation
- > Aluminum casing
- > IP66-rated protection
- > Sunshield included

AXIS T92A00 Housing protects the Axis network camera in outdoor and adverse indoor conditions.

AXIS T92A00 Housing is tailor-made and carefully tested to comply with Axis network cameras. This stylishly designed housing has a side opening and a pre-installed power supply for easy and time saving installation.

Made of die-cast aluminum, the AXIS T92A00 Housing offers an IP66-rated protection against dust and heavy rain.

The sunshield with its integrated edge-protector offers good thermal insulation, enabling the Axis network camera to operate in temperatures up to +50°C (+122°F). Lowest operating temperature is -20° C (-4°F).

Various brackets and accessories are available, such as ceiling and wall brackets, column mounts and adapters.

Supported cameras are AXIS 210, AXIS 210A, AXIS 211, AXIS 211A, AXIS 211M, AXIS 211W, AXIS 221 and AXIS 223M Network Cameras.
