

# EVO Series

 IP Video Surveillance Certified Global OEM

## EVO10 Models—Network Video Recorders—NVR

BCDVideo's EVO10 Series is a family of high-performance Network Video Recorders. Providing easy setup, it is a reliable, cost-effective surveillance system for IP network cameras. The EVO10 Series enables both live view recording and playback for up to 16 IP network cameras. It comes certified, pre-loaded and licensed with your choice of AXIS Camera Station, Milestone XProtect Essentials, or OnSSI Ocularis PS Video Management Software.

The EVO10 Series family includes BCDVideo's SMART Technology modules; SMARTconnect and SMARTvms. This technology minimizes any end-user downtime and offers the ability to bring cameras back online in minutes rather than hours or days in a disaster recovery situation. The BCDVideo EVO10 Series Platform includes lifetime telephone support, as well as a three-year global onsite hardware warranty, which is upgradeable to a five-year onsite warranty.
