

NovaSeries

 IP Video Surveillance Certified Global OEM

1U Rack-Mount Management Platform (MP)

Part Number—BCD360V8-M-MP-C

The BCDVideo Nova Series is manufactured specifically for Enterprise IP Video Surveillance applications. The 1U Management Platform systems are built specifically for those video applications. The BCD360 can be utilized as a management server or as a video recording server where archival storage is either with in the server chassis, with in a direct attached storage array, or centralized storage array.

The Nova Series family includes BCDVideo’s SMARTtechnology modules, including SMARTrecovery and SMARTvms. This technology minimizes any end-user downtime and offers the ability to bring cameras in a disaster recovery situation online in minutes rather than hours or days. The BCDVideo Nova Series Platform includes lifetime telephone support, as well as a five-year global on-site hardware warranty.
