

Lithos

Available only in kits see page 25

Entry level video panel

Lithos is the new monolithic colour video entry panel created by BPT for the X1 two-wire system. Compact and ultra-slim (protruding just 30 mm from the wall), Lithos will blend perfectly into any setting, thanks to its soft lines and elegant brushed stainless steel finish. Lithos can be fitted with single or double pushbuttons for single-family or two-family systems and features the intercom function as standard without the need for supplementary power supply. In addition, it can be used to create systems designed to handle up to four calls. Lithos is compatible with all BPT receivers (Lynea, Ophera, Nova and Mitho).

- Intercom function as standard without the need for supplementary power supply
- Compatible with all BPT internal receivers (Lynea, Ophera, Nova and Mitho)
- IP54 protection rating

Superb video quality day and night

With its ultra-modern sensors and built-in digital image-processing algorithms, Lithos guarantees superlative video quality in any ambient conditions, day or night.

Excellent field of vision

Lithos features a video camera with an extra-wide angle of aperture that gives an excellent field of vision – from a distance of just 50 cm, the camera captures an area 80 cm in width.

Horizontal lens aperture angle	94°
Vertical lens aperture angle	77°
