

## COMPATIBLE SYSTEMS

# Nova

## Recessed hands-free audio and video receiver

BPT's exclusive recessed, hands-free, colour video receiver with a choice of standard cover plates. Being compatible with all other system elements, it enables mixed installations to be created with audio only handsets and hands-free receivers or twin-channel receivers. The Nova video monitor can also be desk mounted using the NST/61 kit.

## Functions

- 2" colour monitor
- Brightness and colour control
- Door lock release
- AUX 1 Button for auxiliary centralized control of stair lights, entry panel selection
- AUX 2 auxiliary control (porter call)
- Recessed installation
