# KPT-39 Remote Keypad Series with Proximity Reader

## Easy and Secure Access at Your Fingertips

*NFC tag*

*RFID key fob*

• **A 15-button backlit keypad**

• **Integrate RFID key fobs or NFC tags**

KPT-39 is a smart wireless remote keypad, offering users an easy-to-program solution to easily arm, disarm, and home arm their security system. For enhanced flexibility and convenience, KPT-39 series can integrate with RFID key fobs or NFC tags for secure quick access without entering pin codes manually.

To provide additional peace of mind and safety, KPT-39 series features dual key function that can activate panic, fire, or medical emergency alarm at the touch of a button. KPT-39 keypad can be wall-mounted at any location that is the most convenient and the most accessible in users' homes. KPT-39 is safeguarded by tamper protection.

KPT-39 leverages Climax's industry-leading RF technology to accelerate the speed of signal transmission and deliver reliable, extensive communication range. KPT-39 also features a power conservation function that consumes power only when in operation.

## Features

• Enables user to arm/disarm/home arm the security system by simply swiping RFID key fobs or NFC tags

• Integrates up to 100 RFID key fobs or NFC tags

• Dual key buttons to trigger panic, fire, or medical emergency alarms

• Stand-by mode for power saving function

• LED status indicators

• A 15-button backlit keypad for easy nighttime visibility

• Tamper protection against unauthorized removal

• Extensive RF communication range and faster signal transmission

• Regular supervision signals to check system integrity

## Specifications
