

Datacard® CP40™ Plus Card Printer

Exceptionally easy-to-use, the CP40 Plus card printer delivers everything you need to print vivid, one-sided, full-color secure IDs for education, healthcare, clubs and other organizations.

Easy, convenient card printing

The Datacard® CP40™ Plus card printer delivers exceptional convenience and superior ease of use at a competitive price. It offers a unique combination of productive print speed, high image quality and simple operation. This printer can personalize up to 160 full-color, one-sided cards or up to 750 single-color, one-sided cards per hour, making it ideally suited for issuing secure IDs in schools, healthcare organizations, clubs and other applications. It is also optimized to work with Datacard® IDCentre™ identification software and capture solutions, as part of a fully integrated system.

Speed, quality and simplicity

- Exclusive Advanced Imaging Technology™ produces vivid graphics, photos and text across the entire card surface for excellent imaging.
- Optimized print ribbons and adjustable controls help ensure solid backgrounds, consistent and improved color matching, enhanced bar code printing and sharp reproduction of fine text.
- A light, sleek design makes this printer easy to transport.
- Additional features include factory or field-upgradable magnetic stripe encoding and smart card personalization.

Datacard Group
SECURE ID AND CARD PERSONALIZATION SOLUTIONS

Datacard® CP40™ Plus Card Printer

Front-facing 100-card input hopper makes it easy to load blank card stock

Front-facing output hopper saves space
