CEILING & PEDESTAL ENCLOSURE MOUNTS

MHD

CM5

MHC

The MHD, MHC and CM5 series mounts are stylish and functionally designed "J" ceiling and pedestal enclosure mounts with features such as an integrated adjustable platform that allows easy position adjustment of Ultrak® environmental enclosures.

The two ceiling mounts are constructed of curved aluminum tube with an epoxy powder coating that make them corrosion resistant.

All of these heavy-duty ceiling and pedestal mounts can support loads of at least 30 lbs.

- Aluminum construction
- Epoxy powder coated for corrosion resistance
- Integrated friction-controlled adjustable platform
- Versital and affordable
