

Rock & Woody

Access Exclusive

Access Exclusive readers are the ideal solution for customers who value excellent technical features as well as the elegance to suit high profile environments, where looks really count.

For Access Woody readers the customers can choose the type of wood, stain and finishing from several options. A carved company logo is included in the price. Since the housing is made of wood, the reader is recommended for indoor use only.

Access Rock round-formed stone housings are made of steatite and they are available with different finishing types. A carved logo is included in the price.

These readers are designed for customers who value individual design and unique readers. The readers are available as Access 7 A, Access 7 C, Access 8 AH, Access 8 CM, Access 9 CM and Access 9 CL reader versions. Both readers can be installed directly onto a metal surface without insulation.
