

BUSINESS CARD & DRIVERS LICENSE SCANNER

(Integrate with Keyscan's Visitor Management Software)

BIZSCAN (Business card scanner), BIZSCAN2 (Business card scanner with drivers license capture)

BIZSCAN (Business Card Capture)

- Integrates with Keyscan's Visitor Management Software Module
- Provides quick and easy entry of visitor information
- Simply insert and scan a business card and allow BIZSCAN to auto populate first name last name and address fields
- An image of the business card is stored for future reference
- Auto populated data may be edited if desired.
- Reduce processing time and data entry for visitor management
- Convenient plug-and play installation and integration with Keyscan Software

BIZSCAN2 (Business Card with Driver's License Capture)

- Offers all the same functionality and benefits as the BIZSCAN
- Additionally, the BIZSCAN2 recognizes business cards as well as North American and Mexican Drivers Licenses including Mexican Identity cards. Automatically populating pertinent visitor data in to Keyscan's Visitor Management Software.
- An Image of the scanned business card or driver's license is captured in the visitor record for future reference

BUSINESS CARD & DRIVERS LICENSE SCANNER

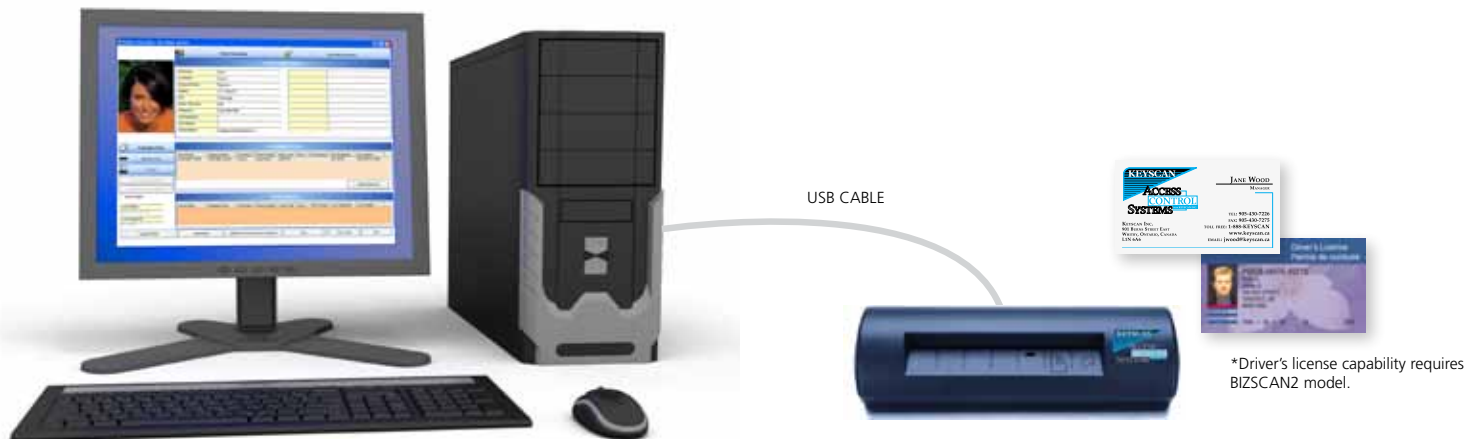

(Integrate with Keyscan's Visitor Management Software)
