

ME4 Outdoor IR Bullet Camera

4MP bullet camera with High Dynamic Range (HDR) and built-in IR for outdoor applications

Shown with optional wall mount

For customers who need to monitor activity in a variety of lighting conditions, from bright light to complete darkness, the **ME4 Outdoor IR Bullet Camera** integrates IR LEDs, HDR, and 4MP resolution to guarantee superior image quality, regardless of lighting. One of the models incorporates a P-lris, which maintains image sharpness, even in varying outdoor lighting conditions.

Key Benefits

- ▼ 4MP resolution. Twice the amount of pixels as 1080p, 4MP delivers the perfect amount of detail to see facial features, bill dominations, etc.
- ▼ Save money on storage and bandwidth. The camera's low bit rate (LBR) setting reduces storage and bandwidth usage by 50% or more in most applications; streams can drop below 1Mbps at 4MP (15 fps).
- Choice of lenses. Choose between a 2.7-12mm lens with a P-Iris or a 9-22mm DC iris lens with autofocus.
- ▼ **High Dynamic Range (HDR).** The camera blends the best parts of several separate exposures together to combine the most focused, well-lit, and colorful parts of the scene.
- ▼ Integrated Smart IR. The built-in LEDs provide uniform illumination in total darkness, which means users will see high-quality, low-noise video from over 164 feet (50 meters) away. Additionally, the camera automatically adjusts the intensity of the LEDs to compensate for the distance of an object, so the object is not overexposed when it gets too close to the camera.
- Remote zoom and focus. No need to manually zoom and focus from the top of a ladder. Installers can zoom in and out remotely with the click of a mouse.
- Widescreen monitor display. The video is displayed in a 16:9 aspect ratio on the monitor, which makes use of the full monitor.

See clear images in the dark from over 164 feet (50 meters) away, with a guaranteed watertight installation.

CAMERA	
Image Sensor	1/3" Progressive Scan CMOS
Effective Pixels	4MP; 2688 (H) x 1520 (V)
Lens	33166-101: 2.7-12mm, F1.7, P-iris, varifocal
Field of Viene	33166-102: 9-22mm, F1.6, DC iris, Autofocus
Field of View	33166-101: 102° (Wide); 31° (Tele) 33166-102: 34° (Wide); 15° (Tele)
High Dynamic Range	
(HDR)	120dB
Day/Night Functionality	Smart IR LED
Minimum Illumination	Color: 0.1 lux; B/W: 0.01 lux; IR on: 0.0 lux
Shutter Speed	1/10000s
Pat/Tilt/Zoom	Optical Zoom, Digital PTZ via Command
White Balance	Manual/Automatic
IR Wavelength	850nm
IR Illumination Distance	50m (164 feet)
Number of LEDs	6
VIDEO	
Video Compression	H.264, M-JPEG
Resolution	4MP (2688 x 1520), 3MP, Full HD 1080p, SXGA, 720p,
	XGA, SVGA, D1, VGA, CIF
