

NEW!

Model NV-RMEC16 EoC Rack Mount Tray Kit

Features:

- Ideal for rack mounting up to (4) NV-EC1701 EoC transceivers and related power supplies
- Connect up to (16) IP or Megapixel cameras
- Standard 19" (48cm) wide, 1.7" (4,5cm) high, 7" (17.8cm) deep
- Mounting hardware and 1-to-4 Power Cord Splitter included
- EoC transceivers, power supplies and BNC Adaptors sold separately

The NV-RMEC16 Rack Mount Tray allows for the rack mounting of up to four single NV-EC1701 EoC transceivers and their related power supplies. The NV-RMEC16 can support up to (16) IP or Megapixel cameras.

The NV-RMEC16 Rack Mount Tray can reside on the front or the rear rails in the same equipment rack as other rack mount equipment such as network switches.

The steel tray panel is designed to withstand the mechanical load of multiple coax cables. All installation hardware is provided.
