- **Improved reading range**
- **Improved LED feedback**
- **Easy to use**
- **Easy to install**
- **No moving parts**
- **Lifetime guarantee**

The KeyPAC Slimline Reader has an attractively styled ABS housing and is available in cream or grey. The screw heads are covered by a 'clip-in' decor panel which can be easily replaced if the front of the reader becomes damaged. The reader also has a built-in sounder which can issue a local alarm when a door is left open.
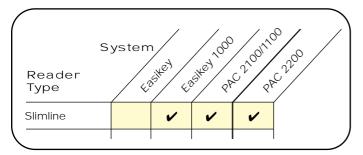

Product guarantees
PAC proximity readers carry a lifetime guarantee against electronic failure and are encapsulated in a highly durable resin so that they are suitable for interior and exterior use.

Main operational features
To gain access the user must present a valid KeyPAC ID (identification) device to the reader. The LED will change from red to green showing the lock has been released. The LED flashes quickly from red to green to indicate unauthorised ID.
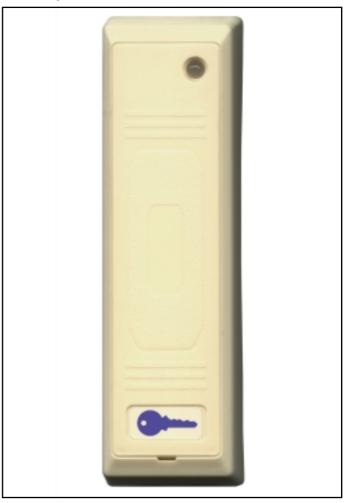

Reading range: 0-8cm*

Compatibility with other PAC products

Reader Type	System			
	Easikey	Easikey 1000	PAC 2100/1100	PAC 2200
Slimline		✔	✔	✔
