PAN & TILT BRACKETS

CCTV systems require quality engineering support - and that is exactly what the **Shawley** range offers. Heavy duty wall or corner mount brackets and tripods are manufactured from the mild steel box tubing and powder coated for long life protection. They provide the perfect support for pan and tilt heads, housings and infra-red illuminators.

RANGE	DIAGRAM
CS/ 6 - 6" in length CS/ 9 - 9" in length CS/ 12 - 12" in length	
CS/ 9A - 9" in length CS/ 12A - 12" in length	

WB / FP

- Heavy duty wall or corner mount
- Very rigid to provide a stable platform for pan & tilt heads
- Manufactured from mild steel box tubing (all ends closed) and 16 gauge mild steel with black powder coat finish
- Easy assembly
- Supplied flat packed and boxed

WB4

- Medium duty wall mount bracket
- Manufactured from mild steel box tubing (all ends closed) and 16 gauge mild steel with black powder coat finish

TRIPOD

- For mounting onto flat horizontal surfaces (rooftops, platforms etc.)
- Manufactured from 16 gauge mild steel with black powder coat finish
- Hexagonal section with 4" PCD centre mount (for column spacer or pan & tilt) and three legs fixed directly to hexagon and floor
- Available with weights for free-standing operation (with laser heads and small housings only)
- Supplied in boxed kit form
