VUgarde2 VMS

VUgarde2 VMS

VUgarde2 is an open architecture Video Management System (VMS) which accepts MJPEG, MPEG4 and H.264 as well as HD & megapixel video streams from IP cameras, encoders and video capture boards. The VMS, along with the Vugarde2 client-server architecture, allows our clients to build hybrid scalable solutions from a single NVR/DVR to a multiple server system handling thousands of cameras and is available on a range of hardware platforms to match your project needs.

VUgarde2 VMS

ORDERING INFORMATION

Part Number: 4420-2800
Description: VUgarde2 Express

Part Number: 4420-2801
Description: VUgarde2 PRO

Part Number: 4420-2802
Description: VUgarde2 ANPR Express

Part Number: 4420-2803
Description: VUgarde2 ANPR PRO

FEATURES & BENEFITS

Simple Licensing System
Buy only what you need.

Modular and flexible platform
VUgarde2 can be tailored to suit any sized project and is flexible enough to expand as desired.

Multiple setup wizards
Reduce installation and commissioning time.

Drag & Drop functionality
Minimal operator training required.

Intuitive Graphical User Interface
Simple to use with a focus on common user needs yet powerful enough to be flexible for the largest installations.

EXgarde access control integration
Allows complete integration with powerful access control software.

Multi-level mapping
Provides full map management and drill down ensuring operators can quickly select the most relevant camera.

Powerful event search
Quickly identifies relevant footage from the archive.

VUgarde2 Anywhere included
A platform agnostic application to view live and recorded CCTV footage anywhere on any smart device.

Automatically adapts the user interface to suit the device being used and has built in smart bandwidth control for optimal performance on mobile devices.

VUgarde2 ANPR integration*
A powerful optional application to detect, recognise and register vehicle number plates which has a advanced search tool for quick and convenient registered number plate search and browsing.

*Not available with VMS Express.
