VEREX Metal Series Keypads

- **State of the art heated Magneto resistive read heads**
- **Rugged die cast or machined metal cases**
- **Various output/read options**
- **Vandal resistant**

VEREX Metal Series Keypads provide economic, ergonomic and flexible solutions for your access control requirements.

Rugged and durable

All VEREX Metal series readers feature a rugged housing that is suitable for either indoor or outdoor applications. VEREX keypad readers can be mounted on walls next to a door frame. The Metal series are available in standard switch plate sizes and in either black, gunmetal gray, chrome, or gold colour.

Compatibility

The magnetic stripe readers and keypads are compatible with all VEREX Access Control Systems, and many other Wiegand Access Control Systems.

Bi-colour LED's are used to indicate door and access status. VEREX Keypads are available in both Matrix and Wiegand format to ensure compatibility with the widest range of access controllers.
