

SN673V-B OUTDOOR PTZ NETWORK CAMERA

Description

The Cruiser™ SN673V-B PTZ camera dome includes a 1080P high-resolution camera/lens combination that provides video transmission over a network. The camera provides triple-streaming video and supports H.264 compression technology, drastically reducing file sizes and conserving valuable network bandwidth.

Construction and Installation

The SN673V-B is designed for easy installation. The dome can be surface mounted.

The lower dome is constructed of impact-resistant polycarbonate and is secured by tamperproof screws, providing anti-vandal security. Several mounting accessories are available to fit almost any installation need. Refer to the Accessories table for mounting options.

Camera Optics and PTZ Features

The SN673V-B includes an integral true day/night camera and lens. A 4.7-94 mm varifocal lens with an optical 20X zoom provides superb sharpness and excellent sensitivity. The day/night camera is utilizes a 1/2.8" Sony Exmor CMOS sensor, which can provide quality imaging down to 0.35 lux. Wide Dynamic Range (WDR) improves detail in bright or low light areas of the image and DNR corrects imperfections in the image to provide a clearer image. A Micro-SD memory slot is provided for local recording with removable storage.

The camera provides a full 360° continuous rotation and a 0° to 180° tilt range. 256 programmable presets are provided, as are 8 tours, 4 alarm inputs and one alarm output. The camera provides many other programmable features such as video analytics, privacy masking, image stabilization, and 2-way audio.
