

### Compact, 3-Bay Client Viewing Station for Maximum Performance

Outperform a wide range of video computing tasks with the VSS-MS-3T-W. This tower client viewing station is compact enough to be deployed in a wide range of video surveillance applications while retaining the performance needed to excel in them. The latest Intel® 9th generation Core™ processor ensures high powered computing performance, while the latest NVIDIA® GPU guarantees results.

Ensure your device has the resources for future tasks with a 850W power supply, giving this client viewing station the resources to power all onboard hardware smoothly and efficiently.

A boot-optimized NVMe M.2 operating system SSD ensure fast boot and application load times. VSS's standard 5-year, on-site, next business day, Keep Your Hard Drive warranty allows for users to know that reliability and support is always with this client viewing station.

#### Keep Your Hard Drive

With Video Storage Solutions' Keep Your Hard Drive warranty, your sensitive data and hard drive never leave your control. It also helps you comply with current data privacy regulations and internal company policies by ensuring sensitive information on your hard drive is not compromised, mitigating the risk of expensive civil litigation if confidential customer data or intellectual property were to be exposed.
